MASS TORT ATTORNEYS

Streamline Your Entire Post-settlement Process

- ☑ Release Administration
- ☑ Bankruptcy Coordination
- ☑ Probate Coordination
- ☑ QSF Distribution
- ☑ Digital Payment Methods

Just because the case has settled, doesn't mean you've been paid.

After a mass tort case settles, getting everyone paid can take months or years. Meanwhile, your firm's operations get bogged down with claimant signatures and dealing with multiple vendors to get to the finish line.

But it doesn't have to be that way.

Milestone is a mass tort settlement trustee, which means our company handles the entire post-settlement process – allowing your firm to spend more time practicing law and less time on administrative tasks after settlement.

Here's what the post-settlement process looks like with Milestone.

Milestone, your mass tort settlement trustee

We’ve created a high-touch, digital approach to settlement administration.

Milestone doesn’t just work in the post-settlement space – we work to make it better.

We’re a high-touch company that emphasizes personalization and communication. We've built a bespoke digital payment platform that aligns with the needs of each case. Our trauma-informed specialists are available to help claimants navigate the steps to payment. Next-level service results in empowered and satisfied clients.

Ultimately, our goal is to serve as your partner by handling all your post-settlement needs with dependability and agility.

So, what does it mean for your firm?

Milestone has digitized every step of the mass tort post-settlement process – from release administration to payment – significantly speeding up the duration of every project. Behind our tech is a team of really smart people.

When Milestone is your settlement trustee:

- Your clients can **get paid faster** by weeks or even months via our Pathway® platform. All post-settlement documents are uploaded and signed, information is securely transmitted to lien resolution administrators, and documents can be digitally notarized.

- We **remove the administrative burden** of spreadsheets, mailings, and phone calls for your firm after settlement.

- You have a direct line of sight into all post-settlement data. So, you can spend **more time practicing law** while accessing the progress of disbursement whenever and wherever you want.

To recap:

Milestone's mission is to pay people promptly after settlement. With Milestone as settlement trustee, you can expect:

- **Shorter case duration**
  We'll streamline and shorten the process to payment.

- **More transparency**
  A dashboard provides you with real-time access to all your post-settlement data.

- **Better communication**
  Our solutions team assists claimants whenever needed.

- **Flexibility in payment**
  You and your clients have choices when it's time to get paid.

Let's talk about what Milestone can do for your firm.
